

Hello,

Thank you for considering Sorella Farms for your wedding. We are excited that you have given us the opportunity to share this special day with you.

The 75 acre farm was established in 1827. The original home still remains on the property, along with many additions and upgrades. The farm features 76 gently rolling acres, with a mixture of green pastures and forests dotted with Walnut trees, fruit trees and colorful flowers. The property also features a pond with lighted fountain and a brisk flowing creek.

Our four separate ceremony sites allow you to choose your perfect backdrop. Whether its overlooking the pond, in the shade under the Walnut trees, on top of "I Do Hill" with a gorgeous mountain view, or our newest site, an intimate spot in the woods featuring wooden benches and a stage, we have the perfect spot.

The highlight of the property is the 40' X 74' Amish-built barn, perfect for your reception. Hardwood floors, an extensive veranda, chandeliers, ceiling fans and decorations were added to help accommodate a large crowd and add to the overall functionality and appearance. The barn is also climate-controlled, featuring central air conditioning and heat. Also located around the barn are covered patios with lights and fans, 4 restrooms, a bar, a fire pit and outdoor bistro-style tables and chairs.

Again, thanks for thinking of us. The team here at Sorella Farms will do everything in our power to ensure your special day is enjoyable for you and your guests. Our goal is to create a memory that will last a lifetime. Please contact us if you have any questions, or would like to speak to a team member about reserving the venue. We look forward to speaking with you.
